

The back seat is the safest place to ride.

It is recommended all passengers 12 years of age or under ride in the back seat.

**Buckle
in the
back!**

- Air bags are designed for adults. They deploy at 200 mph in 1/20 of a second causing severe head and neck injuries to children and young adults.
- When adults wear seat belts, kids wear seat belts. Be a good example and buckle up for every ride. Lap and shoulder belts provide the best protection for preteens and adults.
