CANDLES

BE SAFE

- * **Christmas Trees** – Water trees regularly. Dry trees can burn faster than newspaper. They can be completely covered in flames in seconds.
- * **Ladders** – Heed warnings on ladders. Tens of thousands of people are treated for injuries related to ladder falls in November and December.
- * **Cords** – Always look for the marking of a recognized testing lab. Don't overload extension cords and power strips.
- * **Holiday Lights** – Prevent fires and shock. Throw out damaged or frayed light sets.
- * **Candles** – Be careful with candle placement. Candle fires cause millions of dollars of property damage each year.
- * **Decorations** – Avoid sharp, breakable decorations in homes with young children.
