# BE SAFE

- \* **Christmas Trees** – Water trees regularly. Dry trees can burn faster than newspaper. They can be completely covered in flames in seconds.
- \* **Ladders** – Heed warnings on ladders. Tens of thousands of people are treated for injuries related to ladder falls in November and December.
- \* **Cords** – Always look for the marking of a recognized testing lab. Don't overload extension cords and power strips.
- \* **Holiday Lights** – Prevent fires and shock. Throw out damaged or frayed light sets.
- \* **Candles** – Be careful with candle placement. Candle fires cause millions of dollars of property damage each year.
- \* **Decorations** – Avoid sharp, breakable decorations in homes with young children.
