Smart Sitter is a program by Safe Kids Grand Forks, aimed at teaching young teens (ages 11-15) the essential skills and responsibilities of babysitting. Participants will learn about child care, safety, and basic first aid procedures, including CPR. Upon completing the course, they will receive a certificate and course manual, equipping them with the knowledge and confidence to care for younger children safely. It's a great opportunity to gain valuable skills and enhance babysitting qualifications!
